

October 12, 2009

Dear DeSales Parent:

By now, it is likely that you have heard a few things about the significant projects that have been quietly progressing at DeSales High School over the last year or so. It is not easy to contain the excitement about the future of DeSales and the historic projects being planned – nor do we want to!

That is why we would like to bring you and all of our DeSales parents together to inform you about **the remarkable developments at DeSales High School**. This is an invitation for you to come and hear for yourself the good news about DeSales, to be a part of these initiatives and see how they will impact the growth of DeSales. Your inclusion in our plans is paramount, and we value your interest and feedback as we take on these significant new steps.

As an important investor in DeSales through your son's enrollment, your commitment to attend one of our "Campaign for DeSales" information sessions is vital to our success. **We are asking you to support our efforts by attending one of three conveniently scheduled sessions at the end of October:**

- **Sunday, October 25, 5:00 p.m.**
- **Tuesday, October 27, 6:30 p.m.**
- **Wednesday, October 28, 6:30 p.m.**

Each session will last an hour or less and will be held in the DeSales chapel. Please R.S.V.P. by Thursday, October 22, 2009 to Joshua Blandford in the Advancement Office by calling 366-6131 or emailing [Joshua.Blandford@desaleshs.com](mailto:Joshua.Blandford@desaleshs.com). **Your R.S.V.P. is requested so that we can accommodate the crowd and to ensure that all parents are participating. We are counting on 100% participation of our parents to reflect to our community the unity and strength of internal support we have of this campaign.**

We understand that this is a very busy time of the year for everyone, but I know that hearing about these tremendous developments will be very much worth an hour of your time. We can't wait to tell you about it, and to hear back from you!

Sincerely,

Douglas L. Strothman
